We are pleased to announce another eventful year, with continued and rapid growth in our activities to support vulnerable individuals and communities in need. Your generous donations have enabled us to reach thousands of people who would have otherwise suffered in silence. In particular our free cataract surgeries, water aid and emergency relief projects in Burma, Syria and Pakistan have played a significant role in bringing solace to those afflicted by war and disaster. As always, thank you for your unwavering support.

Water for Life

Water is a basic necessity of life, but unfortunately, there are millions of people trapped in a cycle of poverty and disease due to inadequate access to clean drinking water.

By 2025, an estimated 1.8 billion people will live in areas plagued by water scarcity, with two-thirds of the world’s population living in water-stressed regions as a result of land use, population growth and climate change.

Every year AMWT commissions professionals to survey different locations in Pakistan, India, Bangladesh and Somalia to assess and provide new access to tube wells with electric motors, manual tube wells, hand-pumps, community and agricultural wells.

Saad bin Ubadah (ra) narrated.
I asked the Prophet of Allah what charity is best? And he replied, ‘Giving water to drink.’ [Saheeh Al-Bukhari]

We are proud to support several schools in Pakistan and Bangladesh. In addition, as part of our Mission Possible campaign, we support hundreds of pupils each year. The program operates by providing children with school supplies such as stationery, books and bags as well as staffing the schools with a dedicated team of volunteers.

Our enthusiastic team of architects and builders are on hand to oversee the construction of each new school we build. When you consider the fact that many of our school building are constructed on hilly or mountainous terrain, their feats seem even more impressive.

School Maintenance
AMWiT is working hard to make education accessible to all; that’s why we undertake school maintenance in different parts of Pakistan and Bangladesh.

Thousands of schools have poorly maintained buildings due to shortage of funds. Just £2000 can help maintain a school so children have proper facilities for education.
