AMWT Qurbani Process

Distributing the Amanah of Qurbani

Qurbani is a rite associated with the Hajj pilgrimage that takes place on Eid Ul Adha (The Festival of Sacrifice), at the conclusion of the Hajj, when pilgrims sacrifice an animal – traditionally a sheep, goat, cow or camel.

Sacrificing an animal is a ritual undertaken by Muslims around the world on the Tenth Day of the month of Dul-Hijah, in solidarity with the pilgrims performing Hajj, for whom it is a specific obligation and culminating part of their Pilgrimage. The sacrifice commemorates the slaughter of a ram by the Prophet Ibrahim (Abraham) as a divine dispensation in place of the initial order by Allah to sacrifice his son Ismail.

The Qurbani Project at Al Mustafa Welfare Trust is carried out according to the Sunnah of the Prophet (SAW) and is designed to benefit the most vulnerable people - women, children, the elderly, disabled, widows and refugees. The impact of your Qurbani goes

far beyond individual families. We source all meat locally working with our teams and volunteers on the ground. In doing so, we boost the economy and do more to support those in need. Families receive a pack of fresh meat, and the quantity reflects the size and requirements of each family. We have a thorough selection process which enables us to really understand the communities we serve and to ensure we support all families in the best way possible!

Beneficiary Selection

AMWT eligibility criteria require beneficiaries of the Qurbani project to be selected based on need. We seek to inform beneficiaries of the location and time of their distribution and the quantity of meat they will receive at least one week before the planned distribution. When selecting beneficiaries for the distribution, priority is given to the following:

Qurbani Beneficiary Selection Criteria	Score
If a family/individual is living below the poverty line	20 Points
If a family is a single parent household	10 Points
If there are disabled and/or elderly persons in the household	10 Points
If the household has little or no access to the food markets	10 Points
If the household has children	5 Points
If the household has pregnant and/or nursing women	5 Points
Total Score Indicating Priority Level	/60

Case Study Lack of Food & Agony of the Virus

Ardo Ahmed Hassan (36) said, “We live in a difficult situation with lack of food and the agony caused by the Corona virus. I used to go out and do some casual work to feed my children. But I was not able to go out because of the fear of the pandemic. My children were so hungry, and I was consoling them that Allah will help us. We may survive with the hunger, but we can’t with this virus. This is essential help; you didn’t just give us meat, but you saved our lives from this deadly virus. Thank you so much and may Allah keep us all safe”.

Qurbani Meat Allocation

Qurbani meat parcels are allocated as follows:

Family Size	Amount of Meat
1-4	5 lbs

Why Your Qurbani Donation is so Important

1 IN 9 PEOPLE ARE HUNGRY

Nearly half of all deaths in children under 5 are due to undernutrition- that's about 3 million children every year. For many impoverished families, meat remains unaffordable. This results in gaps in nutrition that contribute to health conditions such as anaemia.

Sharing meat on Eid is more than a special treat-it's an important nutritional boost. Our recipients remember this gift all year.

How Your Gift Creates Real Happiness

- 1 You as the donor choose a country or choose the global Qurbani fund to allow staff to direct your gift where it's needed most.
- 2 Local staff will use your donation to purchase the animal locally and prepare the meat.
- 3 Meanwhile, local staff who know their communities well identify families who really need the help.
- 4 Finally, your gift is handed to a happy family.

This year, you shared Qurbani with around **1,442,542** people across the globe.

Here's how many people were helped in 2020, broken down by region:
